## **HOT JOB NOTICE**

### **TECK RESOURCES LTD.**

**PROJECT: FORDING RIVER OPERATIONS (FRO)**  
**ACTIVE WATER TREATMENT FACILITY SOUTH (AWTF-S)**

**CONTRACTOR: KIEWIT CONSTRUCTION SERVICES ULC**

---

Kiewit Construction Services, a non-union contractor, is currently constructing the Active Water Treatment Facility South (AWTF-S) at Fording River Operations, 20 km northeast of Elkford, BC.

If you are a UA member at this site, employed by Kiewit, or any other non-signatory contractor, you are in violation of the UA Constitution. You will be charged and may face expulsion if found guilty.

UA Local 170 and its members take the relationships with our Signatory Contractors very seriously. While at times, we may find it necessary for our members to work on non-union sites in order to assist our Business Development Representatives in organizing and certifying non-union contractors in our industry, this must be sanctioned and authorized by the Business Manager of the respective UA Local.

Local 170, supported by all our UA locals, is highly protective of its market share. The job security of the membership as a whole demands a level of uncompromised trade union solidarity and a collective withholding of our valuable, skilled labour from those employers who are not willing to abide by the provisions of our collective agreements.

Currently, there are open calls for our trades on union projects in both British Columbia and Alberta. Please contact Local 170 in BC, or Locals 496 or 488 in Alberta to inquire.

Fraternally,

A.D. Al Phillips, RSE  
Business Manager & Financial Secretary
