Subject: Essential Workers meeting

Good Morning,

My name is Al Phillips from BC and I am the Business Manager Financial Secretary of the United Association local 170 Plumbers and Pipefitters union. My members were deemed to be Essential Workers early in the Pandemic and have maintained serviced and repaired the long term care homes hospitals and emergency rooms across the province. I would like to attend the meeting and this is my question;

As being deemed essential workers my members have enquired about their ability to access the Covid 19 Vaccinations so that they can continue to do their work bringing the country and our province back up and running. When can they expect to have access to the Vaccine?

Thank you

A.D. Al Phillips, RSE
BUSINESS MANAGER & FINANCIAL SECRETARY
